

MHB Consultants Ltd is committed to:

- The integration of environmental considerations into all of its activities and to the implementation of a process of continual improvement through setting of objectives and targets at Management Reviews. This encompasses the day-to-day operations of the company and the services we provide to clients. We will comply with all legal requirements in our work, including relevant codes, standards, and client requirements.
- Building all relevant environmental practices into our activities and aiming to source our energy and raw materials from sustainable and non-polluting sources where possible.
- Reducing and preventing pollution and Climate Change risks in all aspects within our scope of operations.
- Conducting itself in an environmentally responsible manner and so will endeavour to bring relevant environmental issues to the attention of its clients.
- Operating the business to the systems required by International Standard ISO 14001:2015.

The managing director is responsible for the Environmental Policy, and for the implementation, maintenance, and review of environmental management. All staff are responsible for the operation on a day-to-day basis, ensuring environmental considerations are taken into account in all activities.

Fergus Aitchison

Managing Director
